

## **Production Welder**

### **Job summary:**

We are looking for a qualified, motivated welder to join our team. The ideal candidate will perform production welding in a fast paced environment, have a steady hand, and attention to detail.

### **Responsibilities:**

- Ability to weld in horizontal or vertical position.
- Ability to follow welding procedure specifications.
- Chip and grind material to prepare for welding and/or to prepare for finish.
- Air Arc / back gouge.
- Ability to read and understand weld symbols on shop drawing and blueprints; ability to read and use tape measure, calipers, and other measuring tools.
- Recognize, set up, and safely operate hand and power tools common to the welding trade.
- Identify, recognize, and demonstrate safe usage of appropriate personal protective equipment for the craft.
- Must be able to work with minimal supervision.
- Welding ability based upon passing weld test administered by production manager.
